

THE BIGGER PICTURE

Maple Grove · fictional value-add

Illustrative Midwest property · 20 units · Forecast from 2026-10-01

Origin: fictional example; edits and copies retain this origin. Figures are illustrative, not verified property information. · Forecast · Reconciliation required

Income at a glance

First 12 forecast months · before financing and capital spending

Billed rental income

\$456,000

Operating expenses

\$181,828

Net operating income

\$254,732

NOI includes other income and deducts concessions, collection losses and operating expenses. It excludes debt, reserves and capital spending.

Capital and returns

Initial / as-of equity

\$1,214,200

Additional owner funding

\$0

Forecast dated XIRR

17.63%

NPV

\$732,597

Equity multiple

3.40x

Gross rental exit value

\$4,095,431

NPV uses a 10.00% required return. Returns follow dated owner cash contributions and distributions. Development unit sales use their individual sale schedules.

Through the hold

Year	Rent	NOI	Scheduled debt	Capital spending	Owner funding	Distributions
1	\$456,000	\$254,732	\$130,942	\$10,000	\$0	\$107,790
2	\$474,240	\$266,487	\$130,942	\$10,250	\$0	\$119,146
3	\$493,210	\$278,756	\$130,942	\$10,506	\$0	\$131,004
4	\$512,938	\$291,560	\$130,942	\$10,769	\$0	\$143,387
5	\$533,456	\$304,920	\$130,942	\$11,038	\$0	\$156,318
6	\$554,794	\$318,862	\$130,942	\$11,314	\$0	\$169,818
7	\$576,985	\$333,410	\$130,942	\$11,597	\$0	\$183,913
8	\$600,065	\$348,588	\$130,942	\$11,887	\$0	\$198,627
9	\$624,067	\$364,424	\$130,942	\$12,184	\$0	\$213,988
10	\$649,030	\$380,946	\$130,942	\$12,489	\$0	\$2,699,987

The assumptions behind it

Strategy	acquisition	Purchase / land cost	\$2,800,000
Rental exit cap	9.72%	Selling costs	2.50%
General rent growth	4.00%	Debt facilities	1

Inspect unit events, expenses and financing in their workspace sections. The calendar and source records explain the timing and evidence for these assumptions.

Income-to-cash-flow bridge

2026-10-31 · NOI excludes financing and capital. Debt service already includes scheduled principal. Excludes sale, financing receipts, balloons and distributions.

— Cash flow step

Capital recovery timeline

Operating distributions attribute retained operating surplus first, after operating deficits; this is a source-allocation convention, not segregated cash accounting. Total owner distributions can also include initial cash, financing and sales. Net sale receipts after sale-related debt payoff and fees are a reference; never add them to total distributions. Existing-property opening equity is an opportunity-cost value. Nominal recovery does not account for the time value of money.

Sensitivity tornado

One assumption at a time; change in dated monthly XIRR from the current base, in percentage points (pp). Rent/cost $\pm 10\%$; vacancy/cap/rate ± 0.5 pp. Invalid or unsupported cases are N/A, never forced to a target.

Review before relying on results

This report does not verify rents, costs, lender terms or market value. Reconcile the source workbook and review incomplete funding, sales and maturity assumptions.

Review source assumptions and lender terms. Cash shortfalls require additional owner contributions, shown as capital calls.

Senior loan matures in month 120; its balloon is paid from project cash / disclosed owner contributions.
